

AMENDMENTS TO THE SPECIFICATION

Please replace the paragraph at page 4, line 3 with the following paragraph:

Figures 2-2C show a slope side of the baking tray with horizontally oriented apertures, oval apertures, diamond apertures, and vertically oriented apertures, respectively.

Please replace the paragraph at page 6, lines 21-24, with the following paragraph:

Figure 2 shows one of sloped sides 18 in more detail. Figure 2 includes baking tray 10 with sloped side 18 and apertures 20. In operation, the open end of a stick that has been inserted into a food product is inserted through aperture 20. At least one aperture 20 is present on sloped side 18. In Figures 2A-2C, examples are shown of apertures 20A with oval shape, apertures 20B with diamond shape, and apertures with vertically oriented rectangular shape, respectively.
